Trinity Elementary School | 2026-2027 CALENDAR approved 3/12/26

Attendance

Our school day begins at 8:10 am each day and ends at 3:30 pm. Regular attendance in person, as well as online, is expected and essential for success in school.

If your child will be late arriving, leaving early, or unable to attend, **please call the school.**

When your child is sick and will not be in school, **please call the school** to report the absence.

If your child becomes ill at school and the teacher determines the child needs to be sent home, the teacher will call the parent or the emergency contact, if the parent is not available.

Please **do not** send ill children to school. The best place for a sick child is at home. We want Trinity to be a place for all children to learn in a healthy environment.

The school phone number is (406) 368-2230.

Teacher contact information: (Please remember to use Class Dojo first.)

Lunch/Snack

Trinity school does not provide lunches or snacks. Please send a lunch and a **healthy snack** to school for your child each day. **We do not allow soda or energy drinks at school. Please do not send these things. Thank you for your cooperation.** Please label all containers that you send in your child's lunch. **Please do not send items that need to be cooked i.e. Ramen Noodles or Mac and Cheese (pre-cook at home, please).** *Healthy food provided at breakfast, snack, and lunch help keep your child focused and ready to learn.*

****Please send a non-perishable lunch with your student. We will keep this lunch during the school year, in case a student forgets their lunch. We understand how difficult it would be for many parents to try and bring their child a lunch, during the day, if their child forgets.**** ****Gum is a privilege that will be determined by your student(s) teacher at special times. Other than that, gum will not be allowed.****

6 **Attendance Policy**

7
8 To reach the goal of maximum educational benefits for each child requires a regular continuity
9 of instruction, classroom participation, learning experiences, and study. Regular interaction of
10 students with one another in the classroom and their participation in instructional activities under
11 the tutelage of competent teachers are vital to the entire process of education. This established
12 principle of education underlies and gives purpose to the requirement of compulsory schooling in
13 every state in the nation. The good things schools have to offer can only be presented to students
14 in attendance.

15
16 A student's regular school attendance also reflects dependability and is a significant component
17 on a student's permanent record. Future employers are as much concerned about punctuality and
18 dependability as they are about academic record. School success, scholarship, and job
19 opportunity are greatly affected by a good attendance record.

20
21 Specific rules and regulations regarding attendance and tardies can be found in the respective
22 student handbook.

Attendance Policy - Truancy

Students are expected to attend all assigned classes each day. Teachers shall keep a record of absence and tardiness. Before the end of the school day, each school shall attempt to contact every parent, guardian, or custodian whose child is absent from school but who has not reported the child as absent for the school day, to determine whether the parent, guardian, or custodian is aware of the child's absence from school.

For the purpose of this policy "truant" or "truancy" means the persistent non-attendance without excuse, as defined by this policy, for all or any part of a school day equivalent to the length of one class period of a child required to attend a school under 20-5-103. "Habitual truancy" means recorded unexcused absences of 9 or more days or 54 or more parts of a day, whichever is less, in 1 school year.

The Trinity School District's definition of non-attendance without excuse is stated in the student handbook.

The Trinity School District has appointed the County Superintendent as the attendance officer.

****Know When to Stay Home****

Deciding to stay home or go to school can be a challenge. During the school year, we are all exposed to many different germs. There will be many different symptoms. Knowing when to send your student is important.

When your child is too sick to participate in daily activities at home, they should not attend school. While we enjoy having your child here, school is not a place for an unwell student. We are here to learn and have fun. We also want to prevent the spread of the illness.

It can be easy to tell when your child is too sick to go to school. **If they're violently ill, vomiting, running a high fever, or have a contagious condition like pink eye**, then you'll want to keep them home.

**** When your child is running a fever, they should remain home until there has been no fever for at least 24 hours. This means no fever without the use of fever reducing medicine. ****

If your child is experiencing any of the following symptoms, please keep them at home. If their symptoms are not getting better or seem to be getting worse, contact your child's physician or health care provider.

- Temperature of more than 100 °F orally
- Nausea or vomiting
- Stomachache
- Diarrhea
- Pale or flushed face
- Headache
- Persistent cough
- Earache
- Thick yellowish/greenish discharge from nose

- Sore throat
- Rash or infection of the skin
- Red or pink eyes

We all do a much better job concentrating on school and having fun, when we feel good.

Thank you for helping us stay healthy and happy!

5 Communicable Diseases

6 *Note: For purposes of this policy, the term "communicable disease" refers to the diseases*
7 *identified in 37.114.203, ARM, Reportable Diseases, with the exception of common colds and flu.*
8

9 In all proceedings related to this policy, the District shall respect a student's right to privacy. All
10 applicable district policies and handbook provision governing confidentiality of student medical
11 information remain in full effect.
12

13 Although the District is required to provide educational services to all school-age children who
14 reside within its boundaries, it may deny attendance at school to any child diagnosed as having a
15 communicable disease that could make a child's attendance harmful to the welfare of other
16 students. The District also may deny attendance to a child with suppressed immunity in order to
17 protect the welfare of that child when others in a school have an infectious disease, which,
18 although not normally life threatening, could be life threatening to a child with suppressed
19 immunity.
20

21 The District shall provide soap and disposable towels or other hand-drying devices shall be
22 available at all handwashing sinks. Common-use cloth towels are prohibited. Sanitary napkin
23 disposal shall be provided for girls of age ten or older and in teachers' toilet rooms and nurses'
24 toilet rooms. The District shall provide either sanitary napkin dispensers in the girls', nurses', and
25 teachers' toilet rooms or some other readily available on-site access to sanitary napkins.
26

27 The Board recognizes that communicable diseases that may afflict students range from common
28 childhood diseases, acute and short-term in nature, to chronic, life-threatening diseases such as
29 human immunodeficiency virus (HIV) infection. The District shall rely on advice of the public
30 health and medical communities in assessing the risk of transmission of various communicable
31 diseases to determine how best to protect the health of both students and staff.
32

33 The District shall manage common communicable diseases in accordance with DPHHS
34 guidelines and communicable diseases control rules. If a student develops symptoms of any
35 reportable communicable or infectious illness as defined while at school, the responsible school
36 officials shall do the following:
37

- 38 (a) isolate the student immediately from other students or staff; and
39 (b) inform the parent or guardian as soon as possible about the illness and request him or
40 her to pick up the student.; and
41 (c) consult with a physician, other qualified medical professional, or the local county
42 health authority to determine if report the case should be reported to the local health
43 officer.
44

45 Students who express feelings of illness at school may be referred to a school nurse or other
46 responsible person designated by the Board and may be sent home as soon as a parent or person

designated on a student's emergency medical authorization form has been notified. The District may temporarily exclude from onsite school attendance a student who exhibits symptoms of a communicable disease that is readily transmitted in a school setting. Offsite instruction will be provided during the period of absence in accordance with Policy 2050. The District reserves the right to require a statement from a student's primary care provider authorizing a student's return to onsite instruction.

When information is received by a staff member or a volunteer that a student is afflicted with a serious communicable disease, the staff member or volunteer shall promptly notify a school nurse or other responsible person designated by the Board to determine appropriate measures to be taken to protect student and staff health and safety. A school nurse or other responsible person designated by the Board, after consultation with and on advice of public health officials, shall determine which additional staff members, if any, have need to know of the affected student's condition.

Only those persons with direct responsibility for the care of a student or for determining appropriate educational accommodation shall be informed of the specific nature of a condition, if it is determined that such individuals need to know this information.

The District may notify parents of other children attending a school that their children have been exposed to a communicable disease without identifying the particular student who has the disease.

Healthy Hand Hygiene Behavior

All students, staff, and others present in the any school building shall engage in hand hygiene at the following times, which include but are not limited to:

- (a) Arrival to the facility and after breaks
- (b) Before and after preparing, eating, or handling food or drinks
- (c) Before and after administering medication or screening temperature
- (d) After coming in contact with bodily fluid
- (e) After recess
- (f) After handling garbage
- (g) After assisting students with handwashing
- (h) After use of the restroom

Hand hygiene includes but is not limited to washing hands with soap and water for at least 20 seconds. If hands are not visibly dirty, alcohol-based hand sanitizers with at least 60% alcohol can be used if soap and water are not readily available.

Staff members shall supervise children when they use hand sanitizer and soap to prevent ingestion. Staff members shall place grade level appropriate posters describing handwashing steps near sinks.

Parent Involvement

You, as parents, play an important role in your child's education. The difference between a good school and a great school is the involvement of its parents. It is true that students, whose parents are involved, do better in school. Children learn to place importance on the things that are important to their parents.

It does not take a great deal of time to make a big difference in your child's education. Fifteen minutes of uninterrupted time spent with your child each day can improve study skills, build self-esteem and go a long way toward a successful school experience.

In order to enhance our students' education, volunteers are needed. Volunteers are needed for many different tasks, including but not limited to:

- Reading with/to students
- Library Helper
- Math Helper (flashcards, games, etc.)
- P.E. Helper

Dress Code

Please have your child wear appropriate clothes for school. We ask that no student wear pajamas to school, unless it is specified by their teacher. We will send home notifications for days where other attire is acceptable.

*****We do have recess and P. E. activities outdoors. Please send appropriate clothes for your child. The only times we will stay inside is if the temperature is below 0°F or if the air quality is considered dangerous. To be excused from outdoor recess/activity, your child must have a doctor's written note. This note must clearly state the amount of time the child will be restricted from outdoor activity and when he/she may return to regular activity.*****

Birthdays

We love birthdays! Please feel free to send a special snack to school for your child's birthday. If your child has a summer birthday, 'half'-birthdays are fun to celebrate! **When planning a birthday party, please do not hand out invitations on the bus or at school, unless you invite everyone.**

Field Trips

Field trips will be planned throughout the school year. We will send more information as it becomes available. When attending these trips, please understand that best behavior is expected at all times. Consequences for unwanted behavior will be assessed on a case by case basis. We enjoy being invited to some of these special places and would enjoy continuing to be invited. If a question or concern arises regarding a field trip, please contact your child's teacher.

Fundraiser

Please stay tuned, we have had a lot of changes this year and will be looking forward to hearing what will be decided for our fundraisers.

Trinity School Transportation

****Please Review the Rules. Some of them have changed****

All students have a right to safe transportation, to and from school. Riding a school bus is a privilege. Should the action of any student place the health and safety of himself/herself and/or other students in jeopardy, disciplinary action may include loss of bus transportation. All students are expected to be respectful, responsible, and safe, at all times. Choosing to follow unacceptable behavior may result in the loss of bus riding privileges.

Bus Behavior Rules

1. No pushing while boarding/leaving the bus.
2. Every student must wear a seat belt.
3. Stay in your seat at all times. (Facing forward, not in the aisle)
4. Keep your hands, feet, body and objects to yourself.
5. Talk in a classroom voice.
6. Stay away from the bus when it is arriving and leaving.
7. Follow the directions of the bus driver.
8. There will be no eating on the bus. No exceptions.

The bus is equipped with a video camera which will be periodically reviewed by school staff.

Parents will be held financially responsible for any damage to the bus caused by their child.

School Board Transportation Representative: Ben Quigg (940) 390-9722 or ben@capstonehelen.com.

****Any change in your child's bus stop, (i.e. going home with a friend), please contact the school and the bus driver.**

Trinity School phone number: (406) 368-2230

Trinity Bus Driver: Laura Fisher (406) 261-7637 or laurafisher983@gmail.com.

Guidelines for Picking Up Your Child from School or Bus Stop:

In order to maintain a safe area for all students, if a student is picked up at the school by a parent/guardian or caregiver, the driver needs to park in front of the building. Please do not drive to the side entrance of the school, as children are entering and exiting the building, as well as accessing the playground equipment.

In addition, students are dismissed from class at 3:30 pm. Please ensure you are available at the designated time. If there is a deviation from the scheduled plan, or a change in the person picking up your child, please contact the school. If a change in the plan occurs while the bus is in route, please contact the school bus driver. The driver has a tight schedule, and if you are unable to make the pickup at the designated time, the driver will complete the route and a parent/guardian or caregiver of a student has not picked up their child or made contact with the school or bus driver, the bus driver will return the child to the school until the parent/guardian or caregiver picks up the child. If, however, the parent/guardian or caregiver is not able to pick up their child, local law enforcement will be notified.

Bus Riding Misconduct:

Any student who receives more than three misconduct reports may be expelled from riding the school bus for up to one full year, defined as 365 days.

Severe misbehavior automatically constitutes immediate suspension. Outside of severe misbehavior, generally the conduct report will be processed as a warning to parents. If misbehavior continues, it could result in suspension from riding the bus. The district will determine the punishment of the misconduct on a case by case basis.

First Conduct Report:

Students receiving their first written conduct report will be notified of the report by the driver, parents will be notified through an email, warning further conduct reports could result in bus suspension.

Second Conduct Report:

Students receiving their second written conduct report will be notified by the driver, and the parents will be notified through an email, warning, again, further conduct reports could result in bus suspension.

Third Conduct Report:

When students receive their third conduct report, the student will be suspended from the bus. Each report will be reviewed on a case by case basis and the days of suspension will be assessed accordingly.

Please Note: Students suspended from riding the bus are expected to attend school with the responsibility of transportation falling on the parent/guardian of the student.

It is the desire of the full-time staff at Trinity School to work in cooperation with the part-time staff members, the county superintendent, the bus driver, parents, and Trinity's School Board to ensure a respectful, responsible, and safe learning environment for all students in our school.

BEHAVIOR EXPECTATIONS

Students are expected to conduct themselves in a courteous and respectful manner. This refers to their actions towards all adults and fellow classmates. These expectations include their actions, their language, and their manners. Appropriate behavior is expected on the school bus, the playground, field trips, and in all areas inside the school.

The following expectations have been established and are expected.

- **** BE RESPECTFUL**
- **** BE RESPONSIBLE**
- **** BE SAFE**

****Students** are expected to maintain their behavior during school hours and while on school property. This includes before and after school, when being dropped off or getting picked up by a parent/guardian and/or riding the bus. Students are expected to walk to the bus or their appropriate vehicle and get inside. Students will not ride on the side or on top of any vehicle while on school property, no exceptions, in order to maintain a safe school environment. Thank you for your cooperation and understanding in this matter.

****Parents** are expected to drive in a safe and cautious manner while on school grounds. Please be aware of your surroundings. Please do your best to follow the parking and pull through procedures. Thank you for your cooperation.

****When riding bicycles** to and from school, students are expected to follow the basic safety guidelines, while on school grounds. No bicycles will be ridden on school grounds while the bus and parents/guardians are dropping off or picking up their children. On the following page are some simple and helpful tips for bicycle safety.

Consequences for not following behavior expectations at school include, but are not limited to:

- ★ Warning
- ★ Conflict Resolution: negotiation/mediation
- ★ Loss of recess or other privilege/isolated play/walking during recess
- ★ Parent contact
- ★ Parent call to pick up student
- ★ In-School Suspension
- ★ Behavior Plan
- ★ Parent Shadowing (parent may be asked to spend time in school with the student for the day)
- ★ Out-of-School Suspension

Student discipline is handled on an individual basis because, at the elementary level, there is a wide age range among students.

SEVERE CLAUSE FOR BEHAVIOR

An immediate discipline write-up and phone call will be made for willfully hurting others, destruction of property, theft, and/or blatant disrespect towards an adult. This may result in, but is not limited to, out-of-school suspensions.

For severe problems, students may be recommended for expulsion.

Kids and Bicycle Safety

Bicycle riding is fun, healthy, and a great way to be independent. But it is important to remember that a bicycle is not a toy; it's a vehicle!
Be cool – follow some basic safety tips when you ride.

Safe Riding Tips

Before using your bicycle, make sure it is ready to ride. You should always inspect your bike to make sure all parts are secure and working properly.

Remember to:

-  **Wear a Properly Fitted Bicycle Helmet.** Protect your brain, save your life. For more information see the National Highway Traffic Safety Administration publication "Easy Steps to Properly Fit a Bicycle Helmet."
-  **Adjust Your Bicycle to Fit.** Stand over your bicycle. There should be 1 to 2 inches between you and the top tube (bar) if using a road bike and 3 to 4 inches if a mountain bicycle. The seat should be level front to back. The seat height should be adjusted to allow a slight bend at the knee when the leg is fully extended. The handlebar height should be at the same level with the seat.
-  **Check Your Equipment.** Before riding, inflate tires properly and check that your brakes work.
-  **See and Be Seen.** Whether daytime, dawn, dusk, foul weather, or at night, you need to be seen by others. Wearing white has not been shown to make you more visible. Rather, always wear neon, fluorescent, or other bright colors when riding day or night. Also wear something that reflects light, such as reflective tape or markings, or flashing lights. Remember, just because *you* can see a driver doesn't mean the driver can see *you*.
-  **Control Your Bicycle.** Always ride with at least one hand on the handlebars. Carry books and other items in a bicycle carrier or backpack.
-  **Watch for and Avoid Road Hazards.** Be on the lookout for hazards such as potholes, broken glass, gravel, puddles, leaves, and dogs. All these hazards can cause a crash. If you are riding with friends and you are in the lead, yell out and point to the hazard to alert the riders behind you.
-  **Avoid Riding at Night.** It is far more dangerous to ride at night than during the day because you are harder for others to see. If you have to ride at night, wear something that makes you more easily seen by others. Make sure you have reflectors on the front and rear of your bicycle (white lights on the front and red rear reflectors are required by law in many States), in addition to reflectors on your tires, so others can see you.

Many bicycle-related crashes resulting in injury or death are associated with the bicyclist's behavior, including such things as not wearing a bicycle helmet, riding into a street without stopping, turning left or swerving into traffic that is coming from behind, running a stop sign, and riding the wrong way in traffic. To maximize your safety, always wear a helmet AND follow the rules of the road.

Rules of the Road – Bicycling on the Road

Bicycles in many States are considered vehicles, and cyclists have the same rights and the same responsibilities to follow the rules of the road as motorists. When riding, always:

-  **Go With the Traffic Flow.** Ride on the right in the same direction as other vehicles. Go with the flow – not against it.
-  **Obey All Traffic Laws.** A bicycle is a vehicle and you're a driver. When you ride in the street, obey all traffic signs, signals, and lane markings.
-  **Yield to Traffic When Appropriate.** Almost always, drivers on a smaller road must yield (wait) for traffic on a major or larger road. If there is no stop sign or traffic signal and you are coming from a smaller roadway (out of a driveway, from a sidewalk, a bike path, etc.), you must slow down and look to see if the way is clear before proceeding. This also means yielding to pedestrians who have already entered a crosswalk.
-  **Be Predictable.** Ride in a straight line, not in and out of cars. Signal your moves to others.
-  **Stay Alert at All Times.** Use your eyes AND ears. Watch out for potholes, cracks, wet leaves, storm grates, railroad tracks, or anything that could make you lose control of your bike. You need your ears to hear traffic and avoid dangerous situations; don't wear a headset when you ride.
-  **Look Before Turning.** When turning left or right, always look behind you for a break in traffic, then signal before making the turn. Watch for left- or right-turning traffic.
-  **Watch for Parked Cars.** Ride far enough out from the curb to avoid the unexpected from parked cars (like doors opening, or cars pulling out).

Sidewalk versus Street Riding

The safest place for bicycle riding is on the street, where bicycles are expected to follow the same rules of the road as motorists and ride in the same direction.

-  Children less than 10 years old, however, are not mature enough to make the decisions necessary to safely ride in the street.
-  Children less than 10 years old are better off riding on the sidewalk.
-  For anyone riding on a sidewalk:
 -  Check the law in your State or jurisdiction to make sure sidewalk riding is allowed.
 -  Watch for vehicles coming out of or turning into driveways.
 -  Stop at corners of sidewalks and streets to look for cars and to make sure the drivers see you before crossing.
 -  Enter a street at a corner and not between parked cars. Alert pedestrians that you are near by saying, "Excuse me," or, "Passing on your left," or use a bell or horn.

District-Provided Access to Electronic Information, Services, and Networks

General

The District makes Internet access and interconnected computer systems available to District students and teacher. The District provides electronic networks, including access to the Internet, as part its instructional program and to promote educational excellence by facilitating resource sharing, innovation, and communication.

The District expects all students to take responsibility for appropriate and lawful use of this access, including good behavior on-line. The District may withdraw student access to its network and to the Internet when any misuse occurs. The teacher and other staff will make reasonable efforts to supervise use of network and Internet access; however, student cooperation is vital in exercising and promoting responsible use of this access.

The district shall provide age-appropriate instruction to students regarding appropriate online behavior. Such instruction shall include, but not be limited to: positive interactions with others online, including on social networking sites and in chat rooms; proper online social etiquette; protection from online predators and personal safety; and how to recognize and respond to cyberbullying and other threats.

Curriculum

Use of District electronic networks will be consistent with the curriculum adopted by the District, as well as with varied instructional needs, learning styles, abilities, and developmental levels of students, and will comply with selection criteria for instructional materials and library materials. The teacher may use the Internet throughout the curriculum, consistent with the District's educational goals.

Acceptable Uses

1. Educational Purposes Only. All use of the District's electronic network must be: (1) in support of education and/or research, and in furtherance of the District's stated educational goals; or (2) for a legitimate school business purpose. Use is a privilege, not a right. Students and staff members have no expectation of privacy in any materials that are stored, transmitted, or received via the District's electronic network or District computers. The District reserves the right to monitor, inspect, copy, review, and store, at any time and without prior notice, any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage.
2. Unacceptable Uses of Network. The following are considered unacceptable uses and constitute a violation of this policy:
 - A. Uses that violate the law or encourage others to violate the law, including but not limited to transmitting offensive or harassing messages; offering for sale or use any substance the possession or use of which is prohibited by the District's student discipline policy; viewing, transmitting, or downloading pornographic materials or materials that encourage others to violate the law; intruding into

the networks or computers of others; and downloading or transmitting confidential, trade secret information, or copyrighted materials.

- B. Uses that cause harm to others or damage to their property, including but not limited to engaging in defamation (harming another's reputation by lies); employing another's password or some other user identifier that misleads message recipients into believing that someone other than you is communicating, or otherwise using his/her access to the network or the Internet; uploading a worm, virus, other harmful form of programming or vandalism; participating in "hacking" activities or any form of unauthorized access to other computers, networks, or other information.
- C. Uses that jeopardize the security of student access and of the computer network or other networks on the Internet.
- D. Uses that are commercial transactions. Students and other users may not sell or buy anything over the Internet. Students and others should not give information to others, including credit card numbers and social security numbers.

Warranties/Indemnification

The District makes no warranties of any kind, express or implied, in connection with its provision of access to and use of its computer networks and the Internet provided under this policy. The District is not responsible for any information that may be lost, damaged, or unavailable when using the network or for any information that is retrieved or transmitted via the Internet. The District will not be responsible for any unauthorized charges or fees resulting from access to the Internet. Any user is fully responsible to the District and will indemnify and hold the District, its trustees, administrators, teachers, and staff harmless from any and all loss, costs, claims, or damages resulting from such user's access to its computer network and the Internet, including but not limited to any fees or charges incurred through purchase of goods or services by a user. The District expects a user or, if a user is a minor, a user's parents or legal guardian to cooperate with the District in the event of its initiating an investigation of a user's use of access to its computer network and the Internet.

Violations

If a user violates this policy, the District will deny a student's access or will withdraw access and may subject a student to additional disciplinary action. The supervising teacher will make all decisions regarding whether or not a user has violated this policy and any related rules or regulations and may deny, revoke, or suspend access at any time, with that decision being final.
